Executive Summary

This policy developed in responding to the GREAT Coalition policy directives to strengthen migration, border security and territorial sovereignty. The Government emphasized Immigration reform and border modernization to advance electronic visa system. Border modernization aiming to stream line visa process for the purpose of ease of travel and aligned to international standards and best practises. Immigration has introduced an electronic Border Management System (BMS) to lawfully facilitate e-visa for non-citizens who wish to enter and reside in the Solomon Islands. Solomon Islands has established e-Visa Application Portal for vis applications. Immigration mandated under section 92 (1) of the Immigration Act 2012, declaring Minister to authorise Immigration to process, facilitate and made decisions for visa electronically. This includes collection of identity, contacts, travel history, and digital data to process visa applications. Visa applications usually lodged and facilitated online, processed and approved electronically. However, applications for Visas are processed and approved online and paid electronically.

The new visa regime consisted of short-term and long-term visa categories for non-citizens under the new Immigration Regulation 2025. The Minister for Immigration has repealed the concessional arrangement under the Act to issue visas to non-citizens on arrival. Therefore, the concessional arrangement replaced with thirty-four (34) visa categories. The existing new visa categories are valuable online. This is strategically to strengthen and providing enabling environment for border protection, legitimate migration, trade, investment for Solomon Islands.

Introduction

Solomon Islands Immigration is committed to safeguarding borders and territorial sovereignty by introducing electronic border management system (BMS). This is in response to emerging border security threats and migration complexity. Solomon Islands BMS successfully launched in October 2025 in operation successfully. As the department transitions to digital visa processing, maintaining public trust through transparent and accountable process. This policy provides a comprehensive framework detailing how visa applications is facilitated online ad issued. The e-visa system is guided by this policy as key driver to make visa decisions online to ensure that visa processes and practises meets international standards and best practices.

However, since repealing the concessional arrangement under the Immigration Act Immigration introduced the Border Management System. The Border Management System provided capability environment to process visas online, remit payment online, process cross-border crossing, provide reports, record information and movements.
